Preschool

I have been working with all of the kids on shapes along with reviewing the alphabet, counting, colors and manners! We also have been working a little bit on measurements on our baking days. They seem to be doing extremely well in all of the lessons that we are working on. Please keep up the good work at home as well. I know they all love to go home and show off their new skills.

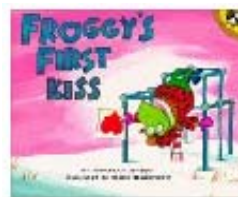

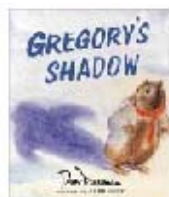

Activity

Valentine's Day this month falls on a Sunday so I am planning our celebration at daycare on the Friday before. I will be making 'containers' for their Valentine's Day card. If you would like to bring cards or treats that would be great. I will provide a list of the names of the kids that will be here for the party. Please bring your cards or treats on Friday, February 12th in the morning. We will watch our movie and then proceed with the party and passing out card/goodies.

Learning Time - Sign Language

It is so important to encourage your little ones at home to use their hands to talk as well as their voice. This will increase their communication skills and be an alternate way to talk to you. I have had so many situations where a little one was trying to tell me something and didn't know the verbal words to use but expressed it through sign after getting frustrated trying to find the appropriate verbal words. A simple gesture can be a huge thing for a child when they are trying to tell you something important to them. Take the time to watch what they are telling you. They work very hard to learn this skill and should be praised for doing such a wonderful job at home as well.
