Preschool	1
Learning Time	2
Books to Read	2
Kid's Korner	3

**Happy
St.
Patty's
Day!**

**Happy
Easter!**

Wipes & Tissues

It's time to restock the supply of wipes and tissues here at daycare. No need to remind any of you how bad this cold and flu season has been; hopefully we are almost done with the bad weather and well on our way to Spring and healthier kids. I have wiped quite a few runny little noses and wiped hands and faces with the wet wipes often to try and limit the spread of germs. PLEASE remember that in the chilly weather your child's skin is very delicate and may need extra moisture such as lotion in between hand washing and baths. Along with that thought I would like the tissues that you bring to be extra soft, either with lotion, aloe, or the new ones with the scent of Vicks. The wipes last longer because I use fewer if you bring ones like Huggies Supreme or Pampers. Please have the supplies to daycare by March 10th.

Preschool

I have been working with the children in a group setting as well as an individual basis. As a group we have been working on singing our alphabet, counting, singing songs, colors, shapes, and sharing. Individually I have been teaching sign language, motor skills, manners, memory, and letter and number recognition. All of the children are learning at different paces and I want to make sure that they are still advancing in their studies and able to focus and understand what I am teaching them. I get a better understand of how much they are grasping when I have a little one on one time with them and can direct attention in areas of need.

"...alphabet, counting, singing songs, colors, shapes and sharing..."

Learning Time - Sign Language

Our sign-language time tends to be done more during meals when I have the focus of all the kids. The words that we are working on are basic and easy for the little ones to use in every day communication. I encourage all of the children to use their voice along with the sign language. This not only helps everyone learn the sign they are doing and what they are saying, but also how to pronounce the words correctly. All of the kids work together and teach one another words and they love it.

Thank-you - Touch the lips with the fingertips of one or both flat hands, then move the hands forward until the palms are facing up. It is natural to smile and nod the head while making this sign.

the left from slightly lower position.

Milk - Squeeze both slightly open S hands with a downward motion, alternating hands.

Mother - Touch the right chin with the thumb of the right open hand. The fingers may be wiggled slightly.

Eat - The right hand moves toward the mouth a few times.

Father - Touch the forehead with the thumb of the right open hand. The fingers may be wiggled slightly.

More - Touch the fingertips of both hands before the chest with palms facing down. The right hand can be brought up to meet

Please - Make a circle with the right flat hand over the heart.

“...keep the words simple...”

Books to Read

“Read to your children often to instill a love of reading in them to last a lifetime. Let them pick the book you read and watch them sit and listen”

“read to your children often...”

Kid's Korner

How many words can you make from

Happy Easter?

Color the picture.

How many words can you find?
